PROFESSIONAL EXPERIENCE

ZODOPT TECHNOLOGY SOLUTIONS PVT.LTD

Remote

Frontend Developer Intern

June, 2025 - Aug, 2025

- Designed and developed the entire frontend interface of a production-level AI-powered web application using **React.js** and **Tailwind CSS**, ensuring responsive design and accessibility across devices.
- Integrated **RESTful APIs** in collaboration with backend teams to ensure seamless data flow, while contributing to team discussions and sprint reviews to align with project milestones and design goals.

RV UNIVERSITY INHOUSE INTERNSHIP

Bengaluru, Karnataka

Machine Learning Intern

Jun, 2024 - Aug, 2024

- Engineered a deep learning pipeline for real-time audio classification using **LSTM models**, focusing on **speech emotion recognition** via features like **MFCCs**, **ZCR**, and **RMS** from structured audio datasets.
- Managed the full ML lifecycle including data preprocessing, model training, evaluation (via accuracy plots and confusion matrix), and performance tuning using **TensorFlow**.

EDUCATION

RV UNIVERSITY , pattanagere , Bengaluru

2023-2027

BTECH Computer Science – 8.2 CGPA

SAV Composite PU college , Bhadravathi

2021-2023

PCMB – 92.3%

PROJECTS

- [Brain Tumor Detection using Deep Learning](#) - **Python, TensorFlow, CNN, Jupyter**
 - Achieved **96% accuracy** in MRI-based brain tumor classification using a CNN model, Implemented feature extraction and evaluation using confusion matrix and F1-score.
- [Personal Portfolio Website](#) - **React.js, Tailwind CSS, GSAP, GitHub Pages**
 - Built a fully responsive, animated developer portfolio with dark/light mode, interactive cursor, and project showcases, Focused on frontend performance and user engagement through smooth GSAP animations.
- [Hospital Appointment Booking System](#) - **React.js, MySQL, Node.js**
 - Developed a web application for scheduling doctor appointments with login/signup and real-time data operations.
 - Connected frontend to MySQL-backed APIs for seamless patient-doctor interaction.
- [Sales Buddy – AI Sales Assistant](#) - **React.js, Tailwind CSS, REST API**
 - Designed and implemented a responsive frontend interface for an AI-driven sales assistant
 - Integrated RESTful APIs to enable real-time interaction and collaborated closely with backend developers.

PARTICATED

Tata Cybersecurity Security Analyst Job Simulation on Forage - August 2025

- Completed a job simulation involving identity and access management (IAM) for Tata Consultancy Services, collaborating with a Cybersecurity Consulting team.
- Acquired expertise in IAM principles, cybersecurity best practices, and strategic alignment with business objectives.
- Delivered comprehensive documentation and presentations, showcasing the ability to communicate complex technical concepts effectively.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, C++, Java, Javascript
- **Technologies/Frameworks:** MySQL, Git & Github, Arduino, Node.js, Express, Wordpress, Linux, Web Hosting, AWS
